## **POWER. PRESTIGE. PERFORMANCE.**

The WOW effect. It doesn't come along often.  
But when you see it, you know it.

That's the power and prestige you get with Presidential Shake TL, the luxury shingles with the look of cedar shakes and the performance of one of the finest composition roofing solutions in the industry.

It's an easy executive decision. Presidential Shake TL gives your home the distinct look of a hand-split wood shake roof with the durability and performance that leaves wood in the sawdust. You get sculpted edges, staggered lines, and triple layer depth, for an amazing ground level effect that will last and last.

## **PRESIDENTIAL SHAKE™ TL performs**

### **an american original**

When CertainTeed set out to replicate the look of real wood in a composite shake shingle, the industry said it couldn't be done. But with the first came the best. Presidential Shake TL roofing leads the nation in performance, durability and the stunning replication of real wood shakes in America's finest man-made shake solution.

### **triple-layer construction**

TL is triple-layer, the secret behind beauty with performance. Presidential Shake TL features three laminated layers of the industry's strongest materials to produce a thick, dimensional shake that endures commanding attention wherever it goes.

### **the look of wood (minus the worry)**

Presidential Shake TL costs a fraction of natural wood shakes, but the benefits don't end there. Unlike wood, it won't rot or decay, and it offers excellent wind and fire resistance. Plus, with StreakFighter™, it will protect your roof from the streaking caused by airborne algae. Presidential Shake TL. Don't just choose it for the triple-layer durability, originality, or even the cost advantages. Choose it for the power of its position... high above all the rest.

# tips for selecting a roof

- 1.** Think big – View a full-sized shingle, not just a swatch or sample.
- 2.** Be real – Look at actual houses where the house and roof color combinations are similar to what you’re considering.
- 3.** Watch the light – As you look, notice how colors appear under changing light conditions and at various times of day.
- 4.** Consider the pitch – Look for roofs with a similar pitch to your own. A roof’s pitch affects the way you see its color.
- 5.** Ask your contractor – They might be able to point you to a home where they’ve installed a roof of your style and color.

## CHECK OUT CERTAINTEED'S COLORVIEW.™

ColorView™ is CertainTeed's interactive tool to help you visualize product style and color options. Using it is easy. Just go to [www.certainteed.com/colorview](http://www.certainteed.com/colorview).

**green & growing.**

We've put green thinking behind our shingle and environmentally sound manufacturing ahead of standard industry practices to produce a product line that is green and growing.

CertainTeed is committed to resource conservation. Our roofing manufacturing facilities recycle close to 90% of the production waste into asphalt materials used for the construction of roads. We also integrate recycled content into many of our packaging needs including corrugated rolls and kraft paper.

They're small steps in a big world. But we're green and growing everyday. It's a commitment we take seriously at CertainTeed.

## Integrity Roof System™

A systems approach combines high-performance components - underlayments, shingles, accessory products and ventilation - to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

### Hip & Ridge Accessories

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

### CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic® roll roofing products are also available for flat roof areas.

### Roofers' Select™ or DiamondDeck™

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

### WinterGuard™

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

### Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

# easy selection

## What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years. We have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

## Add a little accent to your roof.

For a finishing touch to cap hips and ridges, use Cedar Crest—available in colors to coordinate with your Presidential Shake TL shingles. For the best performance, CertainTeed Presidential Starter is required to be used with these shingles.
